

Total combined wire gauge guide

There are two legs in every individual cable, a positive leg and a negative leg. The gauges below are for each leg of the given cable. The number gives the total combined wire gauge for each leg.

INTERCONNECTS:

MA1: 30 gauge on each leg

MA1.1: 27 gauge on each leg

MA2: 25 gauge on each leg

MA3: 22 gauge on each leg

MA4: 19 gauge on each leg

MA5: 18 gauge on each leg

MA6: 16 gauge on each leg

MA7: 15 gauge on each leg

Elite: 13 gauge on each leg

Anniversary: 12 gauge on each leg

SPEAKER CABLES:

SP1: 20 gauge on each leg

SP2: 24 gauge on each leg (2 different gauges are used in this and the rest of the models forward)

SP3: 18 gauge on each leg

SP4: 15 gauge on each leg

SP5: 13 gauge on each leg

SP6: 12 gauge on each leg

SP7: 11 gauge on each leg

Elite: 9 gauge on each leg

Anniversary: 7 gauge on each leg
